MILESTONE 1: LEARNING PLAN

Virtual Internship in Full Stack Development

My goal for this 7-day virtual internship is to gain practical knowledge of Full Stack Development and improve my web development skills.

Learning Plan

1. Learn the basics of HTML and create webpage structures.
2. Understand CSS and design attractive, responsive webpages.
3. Learn JavaScript basics and add interactive features.
4. Understand the fundamentals of frontend and backend development.
5. Learn how frontend and backend components work together.
6. Develop a simple web application using the concepts learned.
7. Test the project, fix errors, and submit the completed work.

Expected Outcome

By the end of this internship, I aim to gain hands-on experience in Full Stack Development, improve my programming and problem-solving skills, and build a simple working web application.

Internship duration: 1 November 2026 – 8 November 2026
Mode: Remote / Self-paced
